Letter from Cedric Giles

Cook County Clerk

Dear Friends:

The Cook County Clerk's Office is proud to present our signature Post-Election Report, a comprehensive tabulation and analysis of election data along with a breakdown of the voting trends that shaped the 2024 Presidential Primary Election.

A top takeaway from this election was the modest voter turnout, which dipped to a record low for a Presidential Primary. With nearly 18 percent voter turnout in the March 19 election, this contest ranked as the lowest turnout for a Presidential Primary in more than 30 years. No doubt the circumstances of this particular election contributed to this dynamic, as both candidates running for president were largely unopposed. We expect those numbers to turn around significantly in the upcoming November 5 General Election.

While turnout was down, the number of registered voters in suburban Cook County continues to trend upward. The 2024 Presidential Primary had a record number of registered voters in a Presidential Primary with 1,600,364, up more than 30,000 from the 2020 primary contest.

The data also tells us that more and more voters are exercising their option to vote by mail, in favor of the more traditional Pre-Election voting methods such as Early Voting and Grace Period Registration and Voting. Mail Voting set a record for a primary election, with a 25 percent increase in mail ballots compared to four years ago. This convenient voting option is no doubt facilitated by the ease of requesting mail ballots online and the option to be placed on the County's permanent Vote by Mail List.

Less than one month after the 2024 Primary Election, the Cook County Clerk's Office experienced an unexpected and devastating loss with the death of Clerk Karen A. Yarbrough. It was one of her greatest professional achievements to serve as the elections administrator for suburban Cook County and she took extreme pride in our system of Democracy. While we continue to mourn her loss, the elections team in the Clerk's Office moves forward with a great spirit of determination to ensure that Clerk Yarbrough's legacy of excellence carries on in the administration of our elections.

This 2024 Presidential Primary Post-Election Report has been assembled to provide a comprehensive look at voting totals, trends, and statistics throughout suburban Cook County. As always, this report, full election results, and printable maps are available at cookcountyclerk.com/elections.

Yours in Democracy,

Cedric Giles
Cook County Clerk

Lowest Presidential Primary Turnout In Over 30 Years

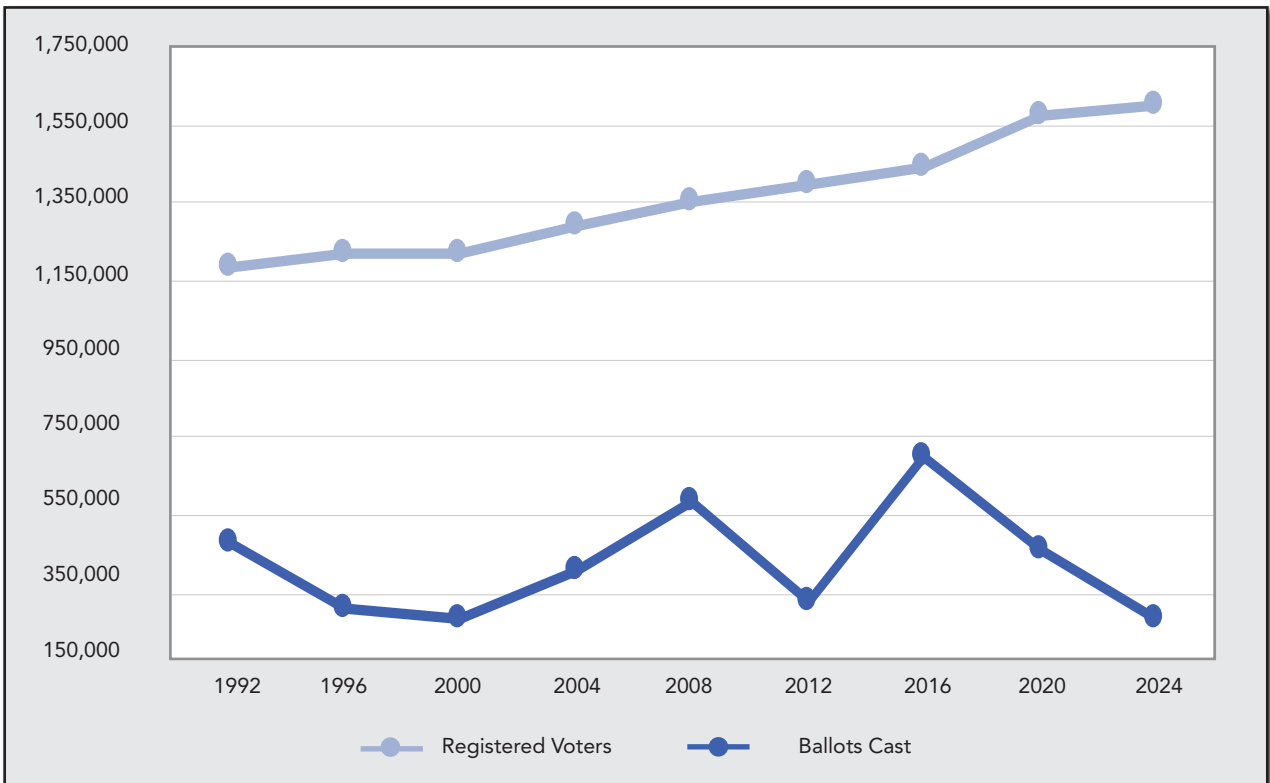

With just 17.95% percent voter turnout in the March 19 Election, every primary for President has exceeded this year’s turnout going back to at least 1992 – making this year’s contest the lowest turnout for a Presidential Primary in more than 30 years.

With both candidates for president running largely unopposed, voter interest in the March primary, and therefore turnout, was not up to par with previous years.

Pre-Election Day Voting Sees Decrease Overall

Mail Ballot Voting Increased 25%

Pre-Election Day voting, encompassing Early Voting, Mail Voting, and Grace Period Registration and Voting, constituted 47.0 percent of all ballots cast, marking a 3.3 percent decline from the March 2020 election.

Early Voting experienced a significant decrease, with 73,798 ballots cast, representing a drop of over 55 percent compared to the 2020 Presidential Primary.

Grace Period voting also saw a sharp decline, with ballots cast dropping from 10,341 in March 2020 to 1,304 in the current election. This reduction is attributed to the increased opportunities for suburban voters to register and vote outside the Grace Period, such as at Early Voting sites and their home precincts on Election Day.

In contrast, Mail Voting was the only Pre-Election Day voting method that saw an increase, reaching a record 59,912 mail ballots—the highest number in a primary election in suburban Cook County history. This election saw a 25 percent increase in mail ballots compared to four years ago, facilitated by the ease of requesting mail ballots online and the County’s new Permanent Vote by Mail List.

An Online Presence in the Presidential Primary Election

Aside from a surge in numbers, the Clerk's online presence also helped Election Day run more efficiently. Online registration, mail ballot applications, and the Clerk's Voter Information Tool increased voter registration and turnout while decreasing lines by allowing eligible residents to register to vote and find their polling place from the comfort of their own home.

The Clerk's social media pages also contributed to the successful presidential primary. Knowing that voters and media alike would need quick access to information and open dialogue, the Clerk's office utilized Twitter and Facebook to address questions and monitor voters' experiences, as well as provide useful updates and information.

Election Day Online Usage

Online Voter Registration

- Over 73,000 suburban Cook County residents registered to vote online leading up to the Presidential Primary Election. An additional 105,000 voters updated their voter registration online from the comfort of their own homes.

Presidential Primary Video Series

- The Clerk's Presidential Primary videos – showcasing all the behind-the-scenes work it takes to run an election – were viewed over 800 times.

Election Day Social Media vs. Average Social Media

- 31,145 people viewed the Clerk's Twitter and Facebook pages on Election Day - an 8,927% increase from the average 345 daily views.

Voter Information Tool

- More than 31,000 suburban Cook County residents used the Voter Information Tool from March 17-19.

Snapshots from Election Day

Ballot accessibility is of utmost importance to the Cook County Clerk's Office. In the March 19 Primary, all suburban voters were offered the choice to cast their ballots in 12 different languages. This initiative ensures that voters can participate in the election using the language they are most comfortable with, enhancing inclusivity and understanding in the voting process.

At Lincoln School in Bellwood, a voter brings her daughter with her to vote for the very first time in the Presidential Primary Election. Over 152,215 registered voters cast their ballots on Election Day in 818 suburban polling places on March 19.

The Cook County Clerk's Office is dedicated to removing barriers to the ballot at all polling places in suburban Cook County. Our goal is to make it easier for elderly voters, voters with disabilities, and anyone who may need assistance to cast their ballots privately and independently.

Our dedicated team of Election Judges ensure a smooth and efficient voting process for all suburban Cook County voters during Early Voting and on Election Day. Our judges represent the diverse fabric of our community with nearly 600 bilingual poll workers to assist voters.
